Remember When...

Foreign Exchange Students

Left to right: Alexander Hengst, Annemiek Leson, Max Helbig

"I had a very warm welcome at Fermi High School! All, staff and students, were friendly and helpful. I'm glad to come here."

Alexander Hengst
Germany

"Hey!

It was always my biggest dream to spend a year in the U.S.A. and I'm so glad that I'm here now. I would especially like to thank the people that helped me feel comfortable here. Playing volleyball was a fun and new experience for me. I'm sad that it's over now. I hope that we all will have a great year."

Annemiek Leson
Germany

"Hi Fermi!

I am really happy to had that Experience as an Exchange Student. The people and the teachers were all so nice! Thanks to everbody who welcome me and made me have a good time. I really enjoyed it. At least one thing i want to say: FERMI ROCKS!!!"

Max Helbig
Germany

Senior Class Officers

Top Row (L-R) Todd Lessard, Kevin Cremona, Jesse Wanzer
Bottom Row (L-R) Beth Herbert, Karyn Palomba, Nicole DeRagon

The first day of senior year came, and just like every other first day of school, I was a bit nervous, but at the same time I was ecstatic - it was my SENIOR year at Fermi High! I walked into homeroom and greeted my classmates. After a while, our teacher told us to sit down; she had to pass out the usual "first day of school papers," and then we had to fill out those silly little notecards that we would eventually also have to fill out for EVERY SINGLE CLASS! When we were finished with all the forms, the teacher passed out the surprisingly very useful assignment books. It was in that book that I found something written that "hit home" for me - and maybe it will for you too...

Grace Slick wrote, "No matter how big or soft or warm your bed is, you still have to get out of it."

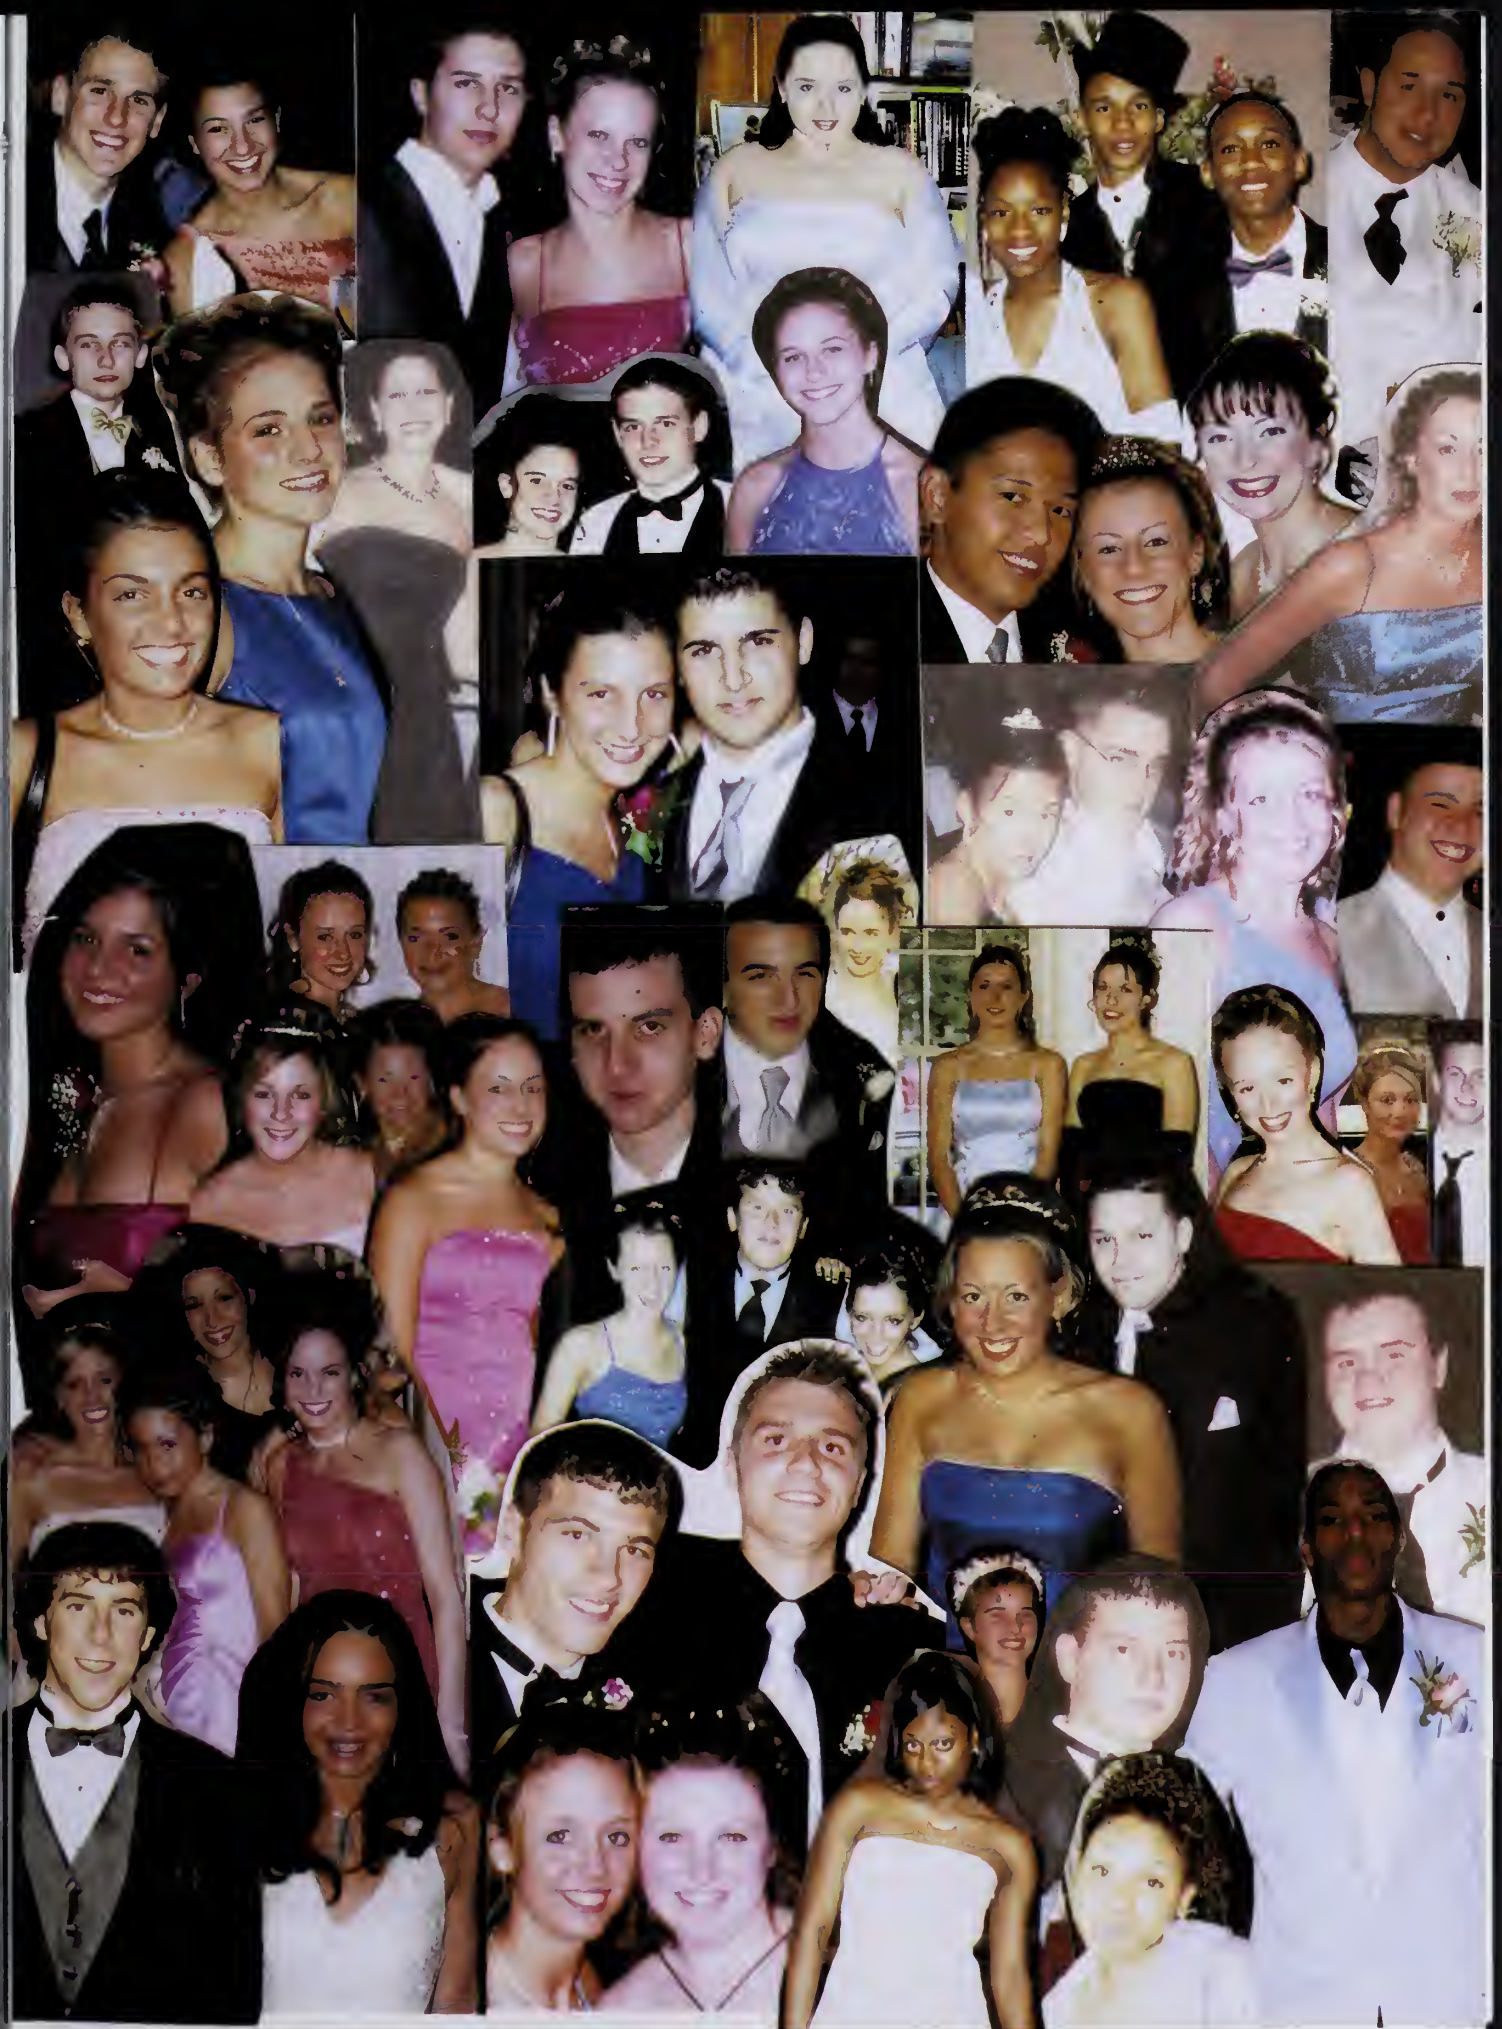

It seems like every weekday morning, we have a bit of reluctance to get out of bed and get ready for school. Maybe we have a test that day, or we got in an argument with a friend the day before, or perhaps it is just the simple fact that we are so comfortable in our warm cozy bed. Despite all our reasons (which many times are very good reasons), there is that one thing that makes us crawl out from under the covers. The one reason - maybe the butterflies in our stomach because we know we'll see our boyfriend/girlfriend, or we can't wait to talk to our best friend about our favorite sitcom that was on the night before. Or maybe we're psyched about a game that we have later on in the afternoon; whatever the reason, that one thing helped us choose to get out of bed and face the new day.

I think we've learned in Fermi that things don't always go our way, but we still have to go on with our lives. Sometimes we have a hard time getting by, but it's in high school where we find the friends that help us get through. It's the new friendships that we've made and the old friendships that we've kept that help us get out of bed every day.

Fermi High is our small community, and as we walk out those doors of Fermi for the last time and take steps closer to college, the armed forces, or a new job, let us remember all the people and even the activities that served as our motivation to get us out of our big, warm, soft, cozy bed.

I hope you all live each day as best you can!
Best Wishes and Good Luck!

Mr. Paul K. Newton

To the Class of 2004:

If you closed your eyes and traced your memory back four years ago, can you picture yourself? If so, I'll bet you will think, "My, how I have changed!" You came here as thirteen and fourteen year old ninth graders; many of you scared and confused, and now, four years later, you are leaving as mature, confident, eighteen year old adults. I am sure, four years ago, that graduation seemed an eternity away. You probably weren't sure how the next four years of your life would unfold.

Now here you are, standing at the threshold of completing your education at Enrico Fermi High School. I sincerely hope that the past four years were full of wonderful memories, happy moments, and that you made the most of your education while you were with us. There is one thing that I am sure of and it is that you are much better prepared to face the challenges that lie outside of Fermi and Enfield than you were when you came. That does not mean that you have all the answers. Whether you go on to further your education or if you choose to begin a career, I am sure that you have the skills to be successful. Now, when you experience the same fears and trepidation that you felt as a ninth grader, I am confident that you can not only cope with but also overcome them and reach your fullest potential.

It is my sincere wish that you will remain a part of the Enrico Fermi High School family for many years to come. You will always hold a special place in my heart because my first year at Fermi was also yours. I know that my life has been touched in a very special way by so many of you. I wish each and every one of you the very best in the years to come.

Sincerely,

Paul K. Newton

Administration

Mr. Brien Brown

Dear Class of 2004,

In the two years I have had the opportunity to know and work with you, I have been uniformly impressed with your efforts, your achievement and more importantly with your compassion and your bravery. Natalie Angier, a reporter for the New York Times once wrote, "Scientists have discovered that the small, brave act of cooperation with another person, of choosing trust over cynicism, generosity over selfishness, makes the brain light up with quiet joy." As a group, your class made the decision to commit that brave act day after day.

It has been my pleasure and privilege to know you.

May God Bless You All.

This swim season was very special to us because it was Mr. Lessard and Mr. Jarvis' last year as EFHS coaches. With some battling of the budget, we were able to keep the swim team and have a fun and successful season with state qualifications and lots of memories. Thanks girls for an awesome time and good luck next year!

The girls' volleyball team had a great season this year. After working hard for 4 years, we finally made it to states. We all worked together to accomplish our goals. We would like to thank our coach Katie Martin. She not only taught us how to play the game, but also to love it. We ended the season with a record of 9-9. Lastly, we would like to say good luck to all the teams to come!

Our season can be summed up by two things: hard work and heart. We had a wall as our defensive line and a fiery offense scoring 4 goals. We finished the regular season with an outstanding record of 11-3-2 and made it to the second round of states. The girls were strongly united... (It must have been all that dribbling close together in the box...) Best of luck next year girls!

Cross Country is a sport of hills, miles, pain, and tears -- all of which our team fought through to make this season one of the best ever.

The boys set a new standard of excellence by winning the Sheean Invitational, a first in Fermi History.

The girls established numerous personal bests, setting the foundation for a successful future.

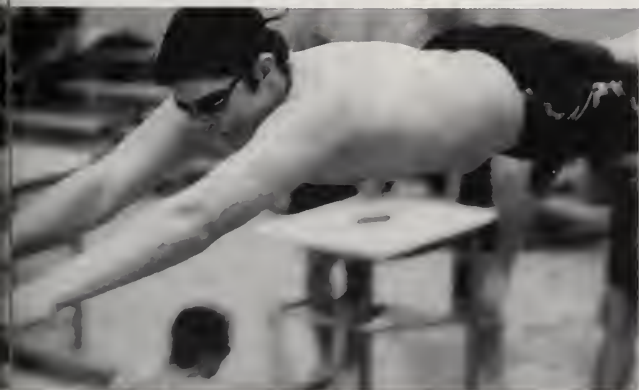

Much pride was "acquired" by both teams. The seniors say to the team next year, best of luck and run fast!

Fermi Homecoming

After a memorable time last year, all of Fermi was looking forward to the last weekend in September where we would continue the tradition of the Fermi Homecoming.

It was kicked off Friday night with a gigantic bonfire provided by the Enfield Fire Department. The night was made complete when the student bands started to perform. It was plain to see that the audience enjoyed the variety of music that ranged from acoustic, jazz and hard rock.

The football game on Saturday against Buckley was ushered in by a parade filled with Fermi spirit. The parade consisted of floats built by each class, and was accompanied by students, teachers, and the Fermi Marching Band. The procession was headed by the Homecoming Court, which was led by the King and Queen, Matt Kozlak and Bridget Wilder.

The weekend concluded Saturday night with a semi-formal dance where students and teachers had an incredible night of dancing and great music.

The Fermi staff and students are very proud to bring the Homecoming tradition back to life. The weekend filled us with memories that will last forever and leaves us in anticipation for homecoming weekends in the future.

family Science Night

Fermi students, in Chemistry, Physics, and Biology classes, gathered on Tuesday, March 9th, to present the annual family science night. Visitors from all over Enfield showed up to share in the excitement of science experiments. Children interacted with Fermi students at the demonstration stations located around the building. Children participated in hands on activities, such as the "Physics Flyer" and the "Vacuum Pack". Along with the memories from this fun filled night, children took home goodies they had helped put together, such as gak and cuttings from plants grown in Biology.

"THUNDER"

The 2004 Fermi Talent Show

The Talent Show has become a much awaited event at Fermi High over the past four years. It has grown into one of the biggest displays of our incredible talent and ability. This year, the show was directed by Mr. Dube and assisted by student directors Laura Liss and Nora Hickey. A new element of hosting was added this year. Michelle Arslan, Anthony Caronna, and Lauren Wawrzenski made the 2004 production of the Talent Show the best Fermi has ever seen.

As student director and a performer, I have witnessed first hand the greatness of this show. It truly brings Fermi staff and students together.

YEARBOOK STAFF

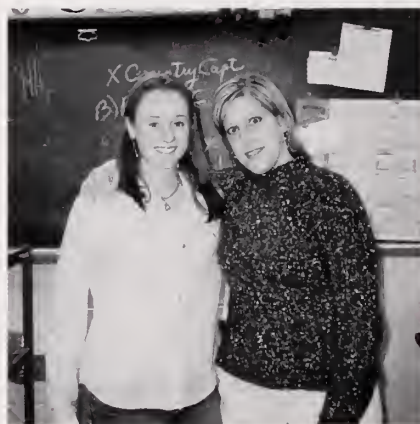

Beth Herbert and Laura Gardner
Co-Editors-in-Chief

We would like to thank all the girls on our staff that have devoted countless hours working on this year's book. Their willingness to work hard behind the scenes made it possible for your high school memories to be preserved forever. We could never have made this book without all of their help. A special thanks is also in order to our advisor, Mrs. Robin Bertrand. She has been more than a mentor and a leader for us; she has been a great friend. Another thanks to Mr. James Reveruzzi, our co-advisor, for understanding the time that we all needed to take out of class to make this book possible. Thanks to all of our staff for their help. We will never forget the friendships created and the memories made while working with you.

Congratulations and Good Luck to the Class of 2004

SALUTE

**The graduates of the
Class of 2004**

*Mrs. Mary Lynne J. Osborn
Enrico Fermi High School
Family and Consumer Sciences*

June 2004

Dear Enrico Fermi High School Class of 2004,

Thank you for all you have given me and taught me these past four years. You are many new threads woven into the tapestry of my life. You have changed my life and you have changed me.

Since my first day of school, I wanted to be a teacher. During my undergraduate studies, I listened to the wrong people and was discouraged from becoming a teacher. After college, I learned that I could substitute teach until I found a more permanent job. I found that I loved teaching, and I found that while I love all children, my greatest joy was with high school students.

I continued to resist full-time employment as a teacher as I listened to other people. After two years of no success finding a job in business, as I had been encouraged to do, I returned to my high school as an alternative education tutor.

I remember the first graduation ceremony I saw as a teacher. The students walked out of the auditorium and passed by their teachers, and I saw for the first time that each student left with a piece of their teachers' hearts. I could not wait to become a high school teacher and be on that side of commencement.

You were freshman when I was a new teacher here. You are my first graduates that I have enjoyed watching grow over four years. You are taking a piece of my heart with you but know that you are leaving me so much more than you are taking.

I cannot promise I will always recognize you as you continue to grow and change but I will never forget you. Go safely. Remember who you are. Remember what you stand for. Be the best you can be. Return with honor. There are many people who care very much about each one of you.

Congratulations!

Mrs. Osborn

Congratulations

Graduate

To: Natasha Byrdsong,

We have watched you crawl and the to walk taking little steps as you would fall. Then with confidence you begin to walk, not needing support from your parents at all. As you begin your new journey in life, begin with small steps because sometime you may fall along the way. Never give up, and remember you can do all things through Christ that strengthen you. We are so blessed to have you as our daughter. It seems so hard to believe four years have gone by so fast. As you depart Fermi and the class of "2004". Remember: You've reached the end only to find a new start.

Love, Mom and Dad

Congratulations Tasha and Kaytee,

We love you, Raquan, Drevan, and Chantel Byrdsong

To: Kaytee Bouchard

You will always be our little girl. Congratulations and we love you both will all of our heart.

Love, Mom and Dad

To our girls we love you very much. Congratulations!!!!

Love, The Byrdsong and Bouchard Family.
